Digital Wig-L-Bug® Amalgamator-Crescent

NEW easy-to-use icon-driven control panel; Accurate digital circuitry w/LED readout time and speed; Speeds of 3800, 4200, 4600, and 4800 rpm; Membrane keypad can be easily cleaned and disinfected; NEW white case complements any decor.

MSD Digital Wig-L-Bug® Amalgamator

4.75"W x 10.25"D x 8"H

C02-0200	499.95
----------------	--------

LPD Digital Wig-L-Bug® Amalgamator

11.25"W x 8"D x 4.5"H

C02-0100	509.85
----------------	--------

Promix Amalgamator-Dentsply Caulk

Standard features include: Microprocessor control;

touch pad controls, LED display; programmable preset memories; spring tensioned, molded capsule holder; sealed mix area; sleek ergonomic design.

672200	875.00
--------------	--------

Optimix Computerized Mixing System-Kerr

Designed for safety and easy clean-up, all mixing in the Optimix takes place within a closed compartment, limiting exposure to any capsule components.

910060	948.95
--------------	--------

RotoMix Capsule Mixer-3M ESPE

RotoMix puts a revolutionary new spin on capsule mixing and delivery. Rotating platform and counter-rotating capsule holder produce the most complete mix. Features: Automatic centrifugal cycle produces a denser mix and virtually void-free material, Optimizes physical properties, 30% less pressure required to extrude material, easy loading/unloading of capsules, Extremely quiet operation.

076310	794.95
--------------	--------

Amalgamators-Zenith

The right mix of quality and price. Quieter due to less motor noise. Universal fiberglass arms are more durable and long-lasting than metal arms. Built-in timer ensures accurate and consistent trituration.

Select speed from 3,600 to 4,800 rpm

61033	455.00
